## Selectmen's Meeting

### APPRECIATION NOTED

Mattapoisett Selectmen R. William Blasdale, chairman, William Hubbard and John DeCosta presented State Representative William Q. MacLean, Jr., second from right, with a certificate of appreciation for his efforts on behalf of the late James Junier. It was through Rep. MacLean's efforts that the town of Oxford honored Junier by naming its bridge after the Mattapoisett construction worker who was fatally injured in constructing it. The Mattapoisett Selectmen wished to note with great appreciation the many other efforts of MacLean on behalf of the town. Rep. MacLean thanked the Board and remarked that it had been a great pleasure to serve the town as Representative for the past 2 1/2 years.

### DRINKING COMPLAINT

David Cameron of Mattakisett Road appeared before Selectmen to complain of a recent

(see article at left)

large party at the Town Landing on Mattapoisett Neck. He said that the result was noise and litter and the residents of this area fear that it will continue. The Selectmen noted that the by-law of April 17, 1979 specifically forbids public drinking anyplace in town.

Chairman Blasdale remarked, "the law is the law. Until such time as the law is changed, it should be enforced."

The chairman of the Finance Committee, Michael O'Brien, in a letter of July 15, 1980, informed Selectmen that the Finance Committee will henceforth regard the Reserve Fund as an emergency fund only. It will not be used to supplement or extend normal budgets. This policy would require that no expenditures be made in excess of a budget without prior approval of both the Board of Selectmen and the Finance Committee.

A letter was received from Peter Mendall d/b/a SailAway requesting permission to hire small folk groups to perform in his establishment. Mr. Mendall stated that he has established a reputation for quiet and orderly operation and plans to keep that kind of operation. The Selectmen noted that Mr. Mendall had promised to return to them if a change was contemplated and will set up a meeting with him and abutters to discuss the matter.

#### SEWER CORRECTION DUE

Selectmen noted that a serviceman is coming to repair the flow recorder at the pumping station. It has been found that a probe was improperly installed which is believed to be the reason that the flow recorder does not operate as engineered.

#### SIGN AUTHORIZED

Selectmen voted to install a "Slow Children" sign on the approach to the curve on Prospect Road in answer to a request from Mr. Eldridge.

Attention was focused on this large Tri-  
maran at Mattapoisett Wharf as a crowd  
gathered to see her hauled from the space  
between the docks that was nearly filled  
with outriggers. A casualty of the trans-  
atlantic singlehanded London's Observer At-  
lantic race to Newport, R.I., she came to  
Mattapoisett for repair to her outrigger  
booms. The V.S.D. is a racing machine  
with little room for creature comforts. The  
main hull is so narrow that a man could not  
stand with arms fully extended. However,  
her total span is tremendous with her two  
outriding hulls.

families at no cost, the people who keep MECA (Mattapoisett Emergency Communication Association) active hope to see a big turnout between 10 a.m. and 4 p.m. at the Congregational Church Parish House.

Mattapoisett residents no longer need to ask friends or relatives to go to a hospital to give blood for them. All you do is call Laura Horne at 758-3373 and your donor problem is solved.

This service is made possible through the untiring efforts of people like Ms. Horne, Robert Raphael, Gaye D'Agata, a large group of volunteer workers and organizations such as the Senior Citizens, Woman's Club, Couples' Club, and the Police and Fire Departments.

"It costs you nothing", Ms. Horne explained in urging people to drop in Saturday and donate, "and only takes about an hour-or less-of your time."

"And think of the benefits," Raphael added. "You and your family and other residents are covered as far as their blood needs are concerned."

MECA began these 4-times-a-year blood drives in 1976 and works closely with the American Red Cross in keeping the supply of all types of blood up to the minute, as far as possible.

"The rarest blood type," MECA reminds potential donors and repeat donors, "is the one that's not available when someone needs it."

MECA hopes to make Mattapoisett's Community Blood Program the largest in New England. Anyone from 18 years of

## SPECIAL TOWN MEETING

TOWN MEETING ATTRACTS MANY  
 VOTERS ON HEATED JULY 21

Town meeting voters stood in a line which stretched into the parking lot as registration delayed the gavel of Moderator James Huntoon for a good half hour. In spite of the heat 278 people jammed Bristol Auditorium for the business of the special town meeting.

### ARTICLE 1 PASSED

Article 1 which transferred \$500 from free cash to make up the difference between the trade-in value quoted on the old cruisers and the actual value when traded.

### VOTED UNANIMOUSLY

Article 2 to authorize a \$6,518 transfer from free cash to be used for state aided construction (Brandt Island Road).

### INDEFINITELY POSTPONED

Article 3 - To revoke and rescind authorization to the Board of Selectmen to negotiate a right-of-way to the owners of Goodspeed Island, Daniel Mahoney and Neilson Abeel, over the sewer line right-of-way. The vote to indefinitely postpone was carried by a 189 to 137 majority.

### INDEFINITELY POSTPONED

Article 4 - To instruct the Board of Select-

men to deny the request of any party for an easement or license to lots 5 and 6 on December, 1966, "Plan of Town Bathing Beach" - voted to indefinitely postpone by 183 to 140.

### DEFEATED BY SECRET BALLOT

Article 5 - which sought a zoning change of classification for an area for Mattapoisett Neck now designated as W30 to Marine Residence between Molly's Cove and Mattapoisett Shores. The vote was 175 yes. 93 no, which fell short of the required 2/3 majority.

### PASSED

Articles 6 and 7 which changed the language of Flood Plan Zoning to conform with federal specifications. Article 6 passed 75 to 5; Article 7 passed 71 to 3.

Articles 8, 9 and 10 which were explained by Town Counsel Donald Fleming as language changes to conform with Massachusetts law on zoning were both passed: Article 8, 74 to 0; Article 9, 70 to 0; and Article 10, 68 to 0.

UNANIMOUSLY ACCEPTED a gift to the town by Brownell Boatworks for the town wharf of a float.

INCREASED the appropriation limit by request of the Finance Committee in order to accommodate the sums of money authorized in Articles 1 and 2.

## CALIFORNIA STORM STAIN

**SOLID COLOR STAINS** — Linseed Oil or Urethane Latex

- Rich natural tones blend the color and grain of the wood but do not obscure the texture.
- Maximum hiding power in the water repellant finish.
- Cover previously stained surfaces.
- One coat for similar colors or two coats for contrasting colors.
- Deep color penetration — Helps avoid deterioration of wood.
- Mildew resistant and blister resistant on properly prepared surfaces.

**SEMI-TRANSPARENT STAINS** — Linseed Oil or Urethane Latex

- Natural appearance and texture allows wood to retain its natural beauty without detracting from the bold graining and configurations inherent in wood itself.
- Colors that blend with natural settings and other finishes.
- Penetrating finish helps protect against deterioration of wood.
- Weather gracefully without chipping and peeling.
- Performs better than solid color stains on decks, rails and outdoor furniture.
- Water repellant finish fully protects the natural mellowness of wood from the ravages of changing weather patterns.

**BLEACHING STAIN** — Transparent Oil Stain

- A natural transparent oil rich stain that quickly produces a uniform silvery gray antique appearance when exposed to natural weathering.
- Designed for use on unfinished wood only and is not recommended for use over painted, stained or sealed surfaces.
- Excellent longevity without blistering or peeling. Retains its natural weathered look throughout the years.

We try to schedule new places or exhibits, so on Thursday, August 21, we have planned a trip to Old Sound Museum & Shop in East Dennis. Here we will have a variety of entertainment and educational programs with the musical nostalgia of old radio programs, vaudeville, and recording personalities and historical events through the wonder of recorded sound. We believe that you will enjoy this program and visit.

describe what home care means to a patient. "People are being released from the hospital sooner now than they used to be. Because of a wide range of services available to them in the community, many are able to return to their own homes rather than having to spend extensive time in a nursing home."

Being in one's own home can be of great value in the healing process, and home management of the patient can be as comprehensive as needed because of skilled nursing services available through the MVNA, close contact with physicians and the clergy, home health aides through contract with St. Luke's Hospital, and rehabilitation therapies, by contract with the Easter Seal Society. For the terminal patient, a hospice-like atmosphere can be maintained, with the nurses being on call. "An individual can come home with multiple problems, but with a coordination of services, tender loving care and community spirit, the patient benefits physically, psychologically and spiritually - his or her family benefits, too - and this can be very effective treatment."

Very effective treatment is what your MVNA specializes in, whether it's post-hospital care, health promotion visits, maternity and child health conferences, or senior citizen health counseling. The

success of this certified, non-profit home health agency depends on continuing community response to the MVNA.

These people who signed the petitions ought to think twice and three times before being high-pressured by their next door friend or the man or woman up the street or just because the family across the street signed it you've go to do the same (Russia hasn't landed in U.S.A. yet). I think the Selectmen should be forced to hold a final meeting on this matter, and then put the article in the warrant to be voted on by secret ballot, so nobody will know how you voted

- that is the only fair way. If this is thrown out then the Boardman family can sell it to a land developer who will sell one acre lots to people who will put up \$40,000 homes. I imagine the developer could probably get 150 to 175 lots in there. Can you look ahead a little bit and see 175 homes with two to four children per house, meaning a population increase of children of about 500 or more to go to school? The town will be forced to build new schools, buy more buses, hire more police, etc. and the sewer lines will never be extended to any other part of Mattapoisett. Fairhaven can never take care of Mattapoisett's sewerage headaches; we should have listened to Winfield Jenney and built our own plant at the head of Church Street East. After all, he is an engineer; and also the Water Commissioner for quite a few years.

I also believe 1200' of anchor fence could be put up by the state to protect Holly Woods property owners and another 1200' to protect the 3 or 4 homes to the north, this fence to run to the water to the low tide mark with barbed wire so they won't climb over to disturb anyone on either side. Also, a buf-

fer zone of 200' could be planted on the south and north sides to give both sides more privacy - there are plenty of trees on the tree farm on the property.

We have an over-efficient police force with radar guns - let them turn their radar guns on the future Park to find trouble if there is any. We pay enough for police protection and maintenance of 3 cruisers. If the town turns this down and this turns into a large development of 150 homes or more with two and three cars per family, we will have a traffic problem and drag races. The State could charge outsiders who go to the park or charge a seasonal rate. I believe the 3 Selectmen acted too hastily in canceling the final meeting. They cannot speak for the voters of Mattapoisett.

## THANKSGIVING NOVENA TO ST. JUDE

Oh Holy St. Jude, Apostle and Martyr, great in virtue and rich in miracles, near kinsman of Jesus Christ, faithful intercessor of all who invoke your special patronage in time of need, to you I have recourse from the depth of my heart and humbly beg to whom God has given such great power to come to my assistance. Help me in my present and urgent petition. In return, I promise to make your name known, and cause you to be involved. Say three Our Fathers, three Hail Marys and Glories for 9 consecutive days. Publication must be promised. St. Jude pray for us all who invoke your aid. Amen. This Novena has never been known to fail. I have had my request granted. Publication promised.

A worry-free vacation can hinge on something as simple as the way you pack your luggage. Here are a few suggestions to help assure your packables will arrive intact.

—Place heavy items at the bottom of the case, near the hinges at the back.

—Distribute weight evenly from side to side. A balanced case is easier to carry.

—Pack shoes heel to toe. Use fabric shoe mitts to keep from soiling clothing.

—Fill the space inside your shoes with neatly rolled socks or hose.

—For convenience and safety put make-up and other liquids in plastic containers.

—Wet clothes or laundry should be folded flat and placed in a plastic bag on top of other clothes.
